GIVING FOR JUSTICE

HOW YOUR DONATION IS USED TO SUPPORT JUSTICE

Churches around the country are ready and willing to open their doors to neighbors in need but may not have the financial resources to cover the high start-up and operating costs. That’s where the Gospel Justice Center model comes in.

Donors help bridge the gap for these churches by covering costs to offer a no-cost turnkey model to launch a center.

Whether providing the full funding to open a new Gospel Justice Center, or giving a one-time or recurring gift to support this work, your contributions lead to new centers that provide value far above the \$5,000 launching cost.

COSTS OF LAUNCHING A GOSPEL JUSTICE CENTER

The initial \$5,000 investment of a center covers a list of necessary components to support churches and volunteers doing this work, including:

Insurance

Malpractice & General Liability

Technology

Case management & scheduling software help desk, websites

Training

On-demand volunteer training and on-going support

Supplies

Promotional materials, signage, office supplies

EXPONENTIAL RETURN

On average, our centers see 50 clients a year and provide over \$50,000 of donated services to the community through legal help. And most importantly, lives are changed as clients experience help and hope.

94%

of clients report being helped with their legal needs and a greater sense of God’s love

Invest in Justice

We invite you to partner with churches around the country providing the help of a lawyer and the hope of God’s love through the home of a church.
